ARTICLE IV. SOLICITATION RESPONSE EVALUATION & AWARD PROCESS

4.1 EVALUATION CRITERIA

4.1.1 Conformance with State Law

Solicitation Responses shall be evaluated in accordance with Chapters 2155-2156, and Chapter 2269 of the Texas Government Code. The Board shall not be obligated to accept the lowest priced proposal but shall make an award to the Respondent that provides the “Best Value” to the State of Texas.

4.1.2 Minimum Qualifications

Respondents must meet the minimum qualifications listed below. Furthermore, Solicitation Responses that appear unrealistic in terms of technical commitment, that show a lack of technical competence, or that indicate a failure to comprehend the risk and complexity of a potential contract may be rejected.

Respondent shall submit a summary (not to exceed two pages) that provides specific support for meeting the minimum qualifications outlined in this Section. This support can specifically state how the Respondent meets each minimum qualification or can direct the evaluators to the appropriate section of the Solicitation Response that provides support for the Respondent satisfying each minimum qualification.

4.1.2.1 Respondent must have recently been in the general construction business for a minimum of five years, or the principals/owners must have had recent ownership/executive management experience in a previous company that provided general construction services for a minimum of five years;

4.1.2.2 Respondent shall have demonstrated experience in meeting completion dates and construction schedules;

4.1.2.3 Respondent must be financially solvent and adequately capitalized, as demonstrated by the Annual Report requested in Article V of this Solicitation.

4.1.3 Selection Criteria

Solicitation Responses shall be consistently evaluated and scored in accordance with the following criteria:

4.1.3.1 Cost (40%);

4.1.3.2 Demonstrated relevant experience, qualifications and past performance of Respondent’s company and key personnel, as demonstrated by the

Solicitation Response, any returned references, and the Texas Comptroller of Public Accounts Vendor Performance Tracking System (30%);

4.1.3.3 Proposed methodology and schedule (20%);

4.1.3.4 Overall responsiveness, clarity, and organization of Solicitation Response (10%).

NOTE: To clarify any response, the Solicitation evaluation committee may contact references provided in response to this Solicitation, contact Respondent's clients, or solicit information from any available source concerning any aspect of the Solicitation deemed pertinent to the evaluation process.

4.1.4 Detailed Scoring Methodology

The Board assembles an evaluation committee to evaluate each responsive Solicitation Response. Each evaluator completes one evaluation worksheet for each response. The evaluator evaluates each proposal individually against the requirements of the solicitation document, and not against other responses. The evaluator assigns the number of points he or she believes each Solicitation Response merits out of the possible points indicated on the evaluation worksheet for each selection criterion. Cost proposals are scored based on a reasonableness assessment of the proposed price, considering various factors such as the appropriateness of the cost metric chosen by the respondent and the impact of any identified assumptions or constraints on the proposed price. Each evaluator scores Solicitation Responses independently and impartially. Scores are not divulged between committee members. Members may ask questions of the purchaser, agency legal counsel, and designated technical experts if they are unable to find information, do not understand information in a response, or require technical assistance.

The purchaser averages all evaluators' total scores for each Respondent to determine Respondent rankings.

4.2 SHORT LIST

The Board may develop a short list of finalists after an initial evaluation of the Solicitation Responses. However, the Board is not obligated to develop this list. If a list is developed, all Respondents will be notified in writing whether or not they are finalists.

4.3 INTERVIEWS

The Board may, but is not required to, conduct oral interviews with some or all Respondents for the purpose of obtaining the best value to the State of Texas. If oral interviews are conducted, the interviews will be evaluated and scored for a possible 20 points. The score received for the oral interview will be added to the score received from the evaluation of a Respondent's written proposal.

Respondents will be provided with notice of any such interview and are responsible for their own presentation equipment. Failure to participate in the requested interview may eliminate a Respondent from further consideration. The Board is not responsible for any costs incurred by the Respondent associated with the interview.

4.4 BEST AND FINAL OFFER (BAFO)

Clarification discussions, at the Board's sole option, may be conducted with Respondents who submit Solicitation Responses determined to be acceptable and competitive. Respondents shall be accorded fair and equal treatment with respect to any opportunity for discussion and/or written revisions of the Solicitation Responses. Such revisions may be permitted after submissions and prior to award solely for the purpose of obtaining BAFOs. In conducting discussions, the Board shall not disclose any information derived from the Solicitation Responses submitted by competing Respondents.

The Board evaluation committee shall score BAFO responses in a manner consistent with the scoring of original solicitation responses. The criteria to be re-evaluated following a BAFO shall depend on the type of clarification requested by the Board from Respondent. Scores for any of the applicable selection criteria included in the Board's request for BAFO shall be replaced by the BAFO scores.

4.5 CONTRACT AWARD

It is the intent of the Board to award one contract under this Solicitation. An award notice will be sent to the selected Respondent. Any award is contingent upon the successful negotiation of final contract terms and upon approval of the Chief Clerk of the GLO/Executive Secretary of the VLB, and, if applicable, the VLB during a regularly scheduled meeting. Negotiations shall be confidential and not subject to disclosure to competing Respondents unless and until an agreement is reached. If contract negotiations cannot be concluded successfully, the Board may negotiate a contract with the next highest scoring Respondent or may withdraw this Solicitation.

NOTE: Solicitation Responses are subject to the Texas Public Information Act, Chapter 552 of the Texas Government Code, and will be withheld from or released to the public only in accordance therewith.

5.3 REFERENCES

Respondent shall provide a minimum of three **non-Board** references for projects of similar type and size performed within the last three years, preferably for state and/or local government entities. The Board reserves the right to check references prior to award. Any negative responses received may be grounds for disqualification of the proposal.

Respondent must verify current contacts. Information provided shall include:

- a. Client name;
- b. Project description;
- c. Total dollar amount of project;
- d. Total construction duration;
- e. Key staff assigned to the referenced project that will be designated for work under this Solicitation; and

The Board checks references by e-mail. Respondents who do not provide accurate e-mail addresses waive the right to have those references considered in the evaluation of their Solicitation Responses.

5.4 MAJOR SUBCONTRACTOR INFORMATION

In addition to the requirements of Article II, Respondent must identify any major subcontractors whom Respondent intends to utilize in performing 15% or more of the Project. Respondent must indicate whether or not Respondent holds any financial interest in any major subcontractor. Any major subcontractor the Respondent intends to utilize in performance of the work must also be included in the Respondent's HUB Subcontracting Plan. If a major subcontractor will not be utilized for this Project, so indicate in the appropriate section of the Solicitation Response.

5.5 LITIGATION HISTORY

Respondent must include in its Solicitation Response a complete disclosure of any actual or alleged breaches of contract it has engaged in. In addition, Respondent must disclose any civil or criminal litigation or investigation pending at any time during the last three years that involves Respondent or in which Respondent has been judged guilty or liable. For each instance of litigation or investigation, Respondent shall list: basic case information (e.g., cause number/case number, venue information, names of parties, name of investigating entity); a description of claims alleged by or against Respondent or its parent, subsidiary, or other affiliate; for each resolved case, a description of the disposition of Respondent's involvement (e.g., settled, dismissed, judgment entered, etc.). Failure to comply with the terms of this provision may disqualify any Respondent. Solicitation Responses may be rejected based upon Respondent's prior history with the state of Texas or with any other party that demonstrates, without limitation, unsatisfactory performance, adversarial or contentious demeanor, or significant failure(s) to meet contractual obligations.

If Respondent has no litigation history, as described above, so indicate in the appropriate section of the Solicitation Response.

5.6 HISTORICALLY UNDERUTILIZED BUSINESS (HUB)

The Board is committed to promoting full and equal business opportunities for businesses in state contracting in accordance with the goals specified in the State of Texas Disparity Study. The Board encourages the use of Historically Underutilized Businesses (HUBs) through race, ethnic and gender-neutral means. Pursuant to Texas Government Code §2161.181 and §2161.182, and the Board's HUB policy and rules, the Board makes a good-faith effort to increase HUB participation in its contracts. The Board does this by contracting directly with HUBs or indirectly through subcontracting.

The State of Texas HUB Subcontracting Plan form is included with this Solicitation as **Exhibit C**. A Solicitation Response that does not contain a HUB Subcontracting Plan ("HSP") is not responsive and will be rejected without further evaluation. A Solicitation Response will also be rejected if the Board determines that the HSP was not developed in good faith.

Please refer to the cover letter included with **Exhibit C** for specific instructions for locating potential HUB subcontractors utilizing the state's Centralized Master Bidders List ("CMBL").

Respondents may direct questions about HSPs or the HUB program to the HUB Team contacts listed below. All other questions about this Solicitation must be directed to the single point of contact listed in section 3.2.1.

The price and amount of any Solicitation Response must have been arrived at independently and without consultation, communication, agreement, or disclosure with or to any other contractor, Respondent, or prospective Respondent. ARTICLE VII. TERMS, CONDITIONS AND EXCEPTIONS

7.1 GENERAL CONDITIONS

7.1.1 Amendment

The Board reserves the right to alter, amend, or modify any provision of this Solicitation, or to withdraw this Solicitation, at any time prior to the award, if it is in the best interest of the Board.

7.1.2 Informalities

The Board reserves the right to waive minor informalities and irregularities in any Solicitation Response received.

7.1.3 Rejection

The Board reserves the right to reject any or all Solicitation Responses received prior to contract award.

7.1.4 Irregularities

Any irregularities or lack of clarity in this Solicitation should be brought to the attention of the point-of-contact listed in Section 3.2.1 as soon as possible, so that corrective addenda may be furnished to prospective Respondents via the ESBDD.

7.1.5 Offer Period

Solicitation Responses shall be binding for a period of 120 days after they are opened. Respondents may extend the time for which their Solicitation Response will be honored. Upon contract execution, prices agreed upon by the Respondent(s) are an irrevocable offer for the term of the contract and any contract extension(s). No other costs, rates, or fees shall be payable to the Respondent unless expressly agreed upon in writing by the Board.

7.1.6 Open Records

The Board are government agencies subject to the Texas Public Information Act (PIA), Chapter 552, Texas Government Code. The Solicitation Response and other information submitted to the Board by the Respondent are subject to release as public information. The Solicitation Response and other submitted information shall be presumed to be subject to disclosure unless a specific exception to disclosure under the PIA applies. If it is necessary for the Respondent to include proprietary or otherwise confidential information in its Solicitation Response or other submitted information, the Respondent must clearly label that proprietary or

confidential information and identify the specific exception to disclosure of that information in the PIA. Merely making a blanket claim that the entire Solicitation Response is protected from disclosure because it contains some proprietary information is not acceptable and shall make the entire Solicitation Response subject to release under the PIA. In order to trigger the process of seeking an Attorney General opinion on the release of proprietary or confidential information, the specific provisions of the Solicitation Response the Respondent considers proprietary or confidential must be clearly labeled as described above. Any information which is not clearly identified as proprietary or confidential shall be deemed to be subject to disclosure pursuant to the PIA, except as provided by law.

Respondents are required to make any information created or exchanged with the state pursuant to this solicitation and any contract that may result from this solicitation, and not otherwise excepted from disclosure under the Texas Public Information Act, available in a format that is accessible by the public at no additional charge to the state.

Information related to the performance of this contract may be subject to the PIA and will be withheld from public disclosure or released only in accordance therewith. Respondent shall make any information created or exchanged with the state/Board, and not otherwise excepted from disclosure under the PIA, available in a format that is accessible by the public at no additional charge to the state/Board. Respondent shall make any information required under the PIA available to the Board in Portable Document Format (PDF) or any other format agreed between the parties. The original copy of each Solicitation Response shall be retained in the official files of the agency as a public record.

Solicitation Responses and all other documents associated with this Solicitation will be withheld or released upon written request only in accordance with the PIA. To the extent that a Respondent wishes to prevent the disclosure of portions of its Solicitation Response to the public, Respondent shall demonstrate the applicability of any exception to disclosure provided under the PIA in accordance with the procedures prescribed by the PIA. Respondent may clearly label individual documents "confidential" or "trade secret" to demonstrate that it believes certain information is excepted from disclosure and may legally be withheld from the public. Respondent thereby agrees to indemnify and defend the Board for honoring such a designation. The failure of Respondent to clearly label such documents shall constitute a complete waiver of any and all claims for damages caused by the Board's release of these records.

Pursuant to Texas Government Code Chapter 2261, any contract that results from this Solicitation, including selected Respondent's Solicitation Response, shall be posted to the Board's website.

7.1.7 Contract Responsibility

Respondent shall be solely responsible for the performance of all contractual obligations that may result from an award based on this Solicitation. Respondent shall not be relieved of its obligations for any nonperformance by its subcontractors.

7.1.8 Public Disclosure

Respondent will not advertise that it is doing business with the Board or use a contract resulting from this Solicitation as a marketing or sales tool without prior written consent of the Board. Furthermore, Respondent may not distribute or disclose this Solicitation to any other vendors or companies without permission from the Board.

7.1.9 Remedies

All remedies available to the Board for breach or anticipatory breach of any contract that results from this Solicitation are cumulative and may be exercised concurrently or separately, and the exercise of any one remedy shall not be deemed an election of such remedy to the exclusion of other remedies. Liquidated damages, actual damages, cost projections, and/or injunctive relief may also be invoked either separately or combined with any other remedy in accordance with applicable law.

7.2 INSURANCE

7.2.1 Required Coverages

For the duration of any contract resulting from this Solicitation, Contractor shall carry insurance for the duration of the contract, in accordance with and in the types and amounts indicated in the Uniform General and Supplementary Conditions and in the Special Conditions, located in the Project Manual and Attachment C of the Sample Contract. The Board, its officers, employees, and authorized agents shall be named additional insureds for all liability arising under the contract, except on Worker's Compensation and Professional Liability policies. The required coverage is to be written with companies licensed in the State of Texas, with an "A" rating from A.M. Best, and authorized to provide the corresponding coverage. Work on any contract shall not begin until after Respondent has submitted acceptable evidence of insurance. Failure to maintain insurance coverage or acceptable alternative methods of insurance shall be deemed a breach of contract.

7.2.2 Alternative Insurability

Notwithstanding the preceding, the GLO reserves the right to consider reasonable alternative methods of insuring the contract in lieu of the insurance policies customarily required. It will be Respondent's responsibility to recommend to the GLO alternative methods of insuring the contract. Any alternatives proposed by Respondent should be accompanied by a detailed explanation regarding Respondent's inability to obtain the required insurance and/or bonds. The GLO shall be the sole and final judge as to the adequacy of any substitute form of insurance coverage.

7.3 PROTEST

Any Respondent unsuccessful or aggrieved in connection with this Solicitation may file a protest in accordance with Title 31, Section 3.50 of the Texas Administrative Code.

7.4 CONTRACT TERMS AND SOLICITATION ACCEPTANCE

Exhibit D, *Sample Contract*, is the standard contract used by the Board for major construction services; please review the terms and conditions therein. The Board reserves the right to negotiate final contract terms with any selected Respondent. The terms and conditions in **Exhibit D** are subject to change prior to the execution of any contract that may result from this Solicitation.

Execution of **Exhibit A** of this Solicitation, *Affirmations and Solicitation Acceptance*, shall constitute an agreement to all terms and conditions specified in this Solicitation, including, but not limited to, **Exhibit B**, *Federal Affirmations*, and **Exhibit D**, *Sample Contract*, and all terms and conditions therein.

7.5 VENDOR PERFORMANCE REPORTING

The GLO is required by rule (34 TAC §20.509) to report vendor performance through the Vendor Performance Tracking System (VPTS). Additional information on this system can be found on the Texas Comptroller of Public Accounts website through this link:

<https://comptroller.texas.gov/purchasing/programs/vendor-performance-tracking/>

As of January 24, 2017, the VPTS reporting methodology was revised so that vendors are assigned a letter grade (A-F) rather than the historic satisfactory/unsatisfactory ratings. The report grades for historic reports will be displayed as "Legacy Satisfactory" or "Legacy Unsatisfactory." New reports will be graded on the A-F scale as now required by statute. A Respondent's past performance shall be measured in the VPTS by a letter grade that combines any historic ratings with ratings using the new letter grade system in the method described in [34 TAC §20.115](#).

The Board is required to consider past performance when determining contract award as part of the “Best Value” standard, in compliance with applicable provisions of Texas Government Code §§2155.074, 2155.075 and 2156.125. The Board may conduct reference checks with other entities regarding past performance. In addition to evaluating performance through the VPTS, the Board may examine other sources of vendor performance including, but not limited to, notices of termination, cure notices, assessments of liquidated damages, litigation, audit reports, and non-renewals of contracts. Any such investigations shall be at the sole discretion of the Board, and any negative findings, as determined by the Board, may result in non-award to the Respondent.

7.6 CERTIFICATE OF INTERESTED PARTIES

Pursuant to Section 2252.908 of the Texas Government Code, a state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties (Form 1295 Certificate of Interested Parties – “Form 1295”) to the state agency at the time of contracting.

To complete Form 1295, a business entity will visit the Texas Ethics Commission’s website and access the Form 1295 Certificate of Interested Parties Electronic Filing Application. An authorized agent of the business entity must sign the printed copy of the form affirming under the penalty of perjury that the completed form is true and correct. Form 1295, bearing the unique certification of filing number, must be filed with the Texas General Land Office. Form 1295 is not required at the time of submission of the Solicitation Response; the Board shall request the form concurrent with issuance of a notice of contract award.

Additional information about Form 1295, including frequently asked questions and instructional videos for business entities, may be found on the Texas Ethics Commission’s website: <https://www.ethics.state.tx.us/filinginfo/1295/>

EXHIBIT A. AFFIRMATIONS AND SOLICITATION ACCEPTANCE

GENERAL AFFIRMATIONS AND SOLICITATION ACCEPTANCE

Execution of this **Exhibit A**, constitutes an agreement to all terms and conditions in the Solicitation, including, without limitation, this **Exhibit A**. If Respondent fails to sign this **Exhibit A** or signs it with a false statement, Respondent's Solicitation Response and any resulting contract(s) shall be void. Respondent agrees without exception to the following general affirmations and acknowledges that any contract resulting from this Solicitation may be terminated and payment withheld if any of the following affirmations or certifications are inaccurate:

1. Respondent represents and warrants that all statements and information prepared and submitted in its Solicitation Response are current, complete, true, and accurate. Submitting a Solicitation Response with a false statement or making a material misrepresentation during the performance of a contract is a material breach of contract and may void the Solicitation Response and any resulting contract.
2. Pursuant to Section 2155.003 of the Texas Government Code, Respondent represents and warrants that it has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with the submitted Solicitation Response.
3. Pursuant to Section 2155.004(a) of the Texas Government Code, Respondent certifies that neither Respondent nor any person or entity represented by Respondent has received compensation from the GLO to participate in the preparation of the specifications or solicitation on which its Solicitation Response is based. Under Section 2155.004(b) of the Texas Government Code, Respondent certifies that the individual or business entity named in its Solicitation Response is not ineligible to receive the specified contract and acknowledges that the contract may be terminated and payment withheld if this certification is inaccurate. This Section does not prohibit a Respondent from providing free technical assistance.
4. Under the Texas Family Code, Section 231.006, a child support obligor who is more than 30 days delinquent in paying child support and a business entity in which the obligor is a sole proprietor, partner, shareholder, or owner with an ownership interest of at least 25 percent is not eligible to receive payments from state funds under a contract to provide property, materials, or services. Under Section 231.006, Texas Family Code, the vendor or applicant [Respondent] certifies that the individual or business entity named in this contract, bid, or application [Solicitation Response] is not ineligible to receive the specified grant, loan, or payment. The Solicitation Response must include the name and social security number of any individual or sole proprietor and each partner, shareholder, or owner with an ownership interest of at least 25 percent of the business entity submitting the bid or application. This information must be provided prior to execution of any contract resulting from this Solicitation.
5. The GLO is federally mandated to adhere to the directions provided in the President's Executive Order (EO) 13224, blocking property and prohibiting transactions with persons who commit, threaten to commit, or support terrorism and any subsequent changes made to it. The GLO will cross-reference Respondents/vendors with the federal System for Award Management (<https://www.sam.gov/>), which includes the United States Treasury's Office of Foreign Assets Control (OFAC) Specially Designated National (SDN) list. Respondent certifies: 1) that Respondent and its principals are eligible to participate in this transaction and have not been subjected to suspension, debarment, proposed debarment, or similar ineligibility or exclusion by any federal, state, or local governmental entity; 2) that Respondent is in compliance with the State of Texas statutes and rules relating to procurement; and 3) that Respondent is not listed on the federal government's terrorism watch list as described in Executive Order 13224. Entities ineligible for federal procurement are listed at <https://www.sam.gov/>. This provision shall be included in its entirety in all subcontracts to contracts resulting from this Solicitation.
6. Respondent agrees that any payments due under any contract resulting from this Solicitation will be applied towards any debt or delinquency Respondent owes to the State of Texas including, but not limited to, delinquent taxes, delinquent student loan payments, and delinquent child support.
7. In accordance with Section 669.003 of the Texas Government Code, relating to contracting with the executive head of a state agency, Respondent certifies that it is not (1) the executive head of the GLO, (2) a person who at any time during the four years before the date of the contract was the executive head of the GLO, or (3) a person who employs a current or former executive head of a state agency.

8. If any contract resulting from this Solicitation is for services, Respondent shall comply with Section 2155.4441 of the Texas Government Code, requiring the purchase of products and materials produced in the State of Texas in performing service contracts.
9. Respondent shall retain in its records the Solicitation and its Solicitation Response and all documents related to this Solicitation or any contract resulting from this Solicitation. Unless a longer retention period is specified by applicable federal law or regulation, Respondent may destroy such records only after the seventh anniversary of the date: the contract is completed or expires; or all issues that arise from any litigation, claim, negotiation, audit, open records request, administrative review, or other action involving the Solicitation, Solicitation Response, contract, or related documents are resolved. Respondent acknowledges that the State has a right of access to information in Respondent's possession relating to State property and agrees to make such information reasonably available upon request of the GLO.
10. The state auditor may conduct an audit or investigation of any entity receiving funds from the state directly under a contract resulting from this Solicitation or indirectly through a subcontract under such contract. The acceptance of funds directly under such contract or indirectly through a subcontract under such contract acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. Under the direction of the legislative audit committee, an entity that is the subject of an audit or investigation by the state auditor must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit. Respondent shall ensure that this paragraph concerning the authority to audit funds received indirectly by subcontractors through a contract and the requirement to cooperate is included in any subcontract it awards. Any contract resulting from this Solicitation may be amended unilaterally by the GLO to comply with any rules and procedures of the state auditor in the implementation and enforcement of Section 2262.154 of the Texas Government Code.
11. In accordance with Section 2252.901 of the Texas Government Code, for the categories of contracts listed in that section, Respondent represents and warrants that none of its employees including, but not limited to, those authorized to provide services under the contract, were employees of the GLO during the twelve (12) month period immediately prior to the date of execution of the contract. Solely for professional services contracts as described by Chapter 2254 of the Texas Government Code, Respondent further represents and warrants that if a former employee of the GLO was employed by Respondent within one year of the employee's leaving the GLO, then such employee will not perform services on projects with Respondent that the employee worked on while employed by the GLO.
12. The Respondent shall not discriminate against any employee or applicant for employment because of race, disability, color, religion, sex, age, or national origin. The Respondent shall take affirmative action to ensure that applicants are employed and that employees are treated without regard to their race, disability, color, sex, religion, age, or national origin. Such action includes, but is not limited to: employment, promotion, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Respondent shall post notices, setting forth the provisions of this non-discrimination article, in conspicuous places available to employees or applicants for employment. Respondent shall include the above provisions in all subcontracts to any contract resulting from this Solicitation.
13. Respondent represents and warrants that, in accordance with Section 2155.005 of the Texas Government Code, neither Respondent nor the firm, corporation, partnership, or institution represented by Respondent, or anyone acting for such a firm, corporation, partnership, or institution has (1) violated any provision of the Texas Free Enterprise and Antitrust Act of 1983, Chapter 15 of the Texas Business and Commerce Code, or the federal antitrust laws, or (2) communicated directly or indirectly the contents of its Solicitation Response to any competitor or any other person engaged in the same line of business as Respondent.
14. By signing this Solicitation Response, Respondent certifies that if a Texas address is shown as the address of the Respondent, Respondent qualifies as a "Texas Bidder" as defined in Section 2155.444(c) of the Texas Government Code.
15. Respondent understands that the GLO does not tolerate any type of fraud. The GLO's policy is to promote consistent, legal, and ethical organizational behavior by assigning responsibilities and providing guidelines to enforce controls. Any violations of law, GLO policies, or standards of ethical conduct will be investigated, and appropriate actions will be taken. Respondents are expected to report any possible fraudulent or dishonest acts, waste, or abuse to the GLO's Internal Audit Director at 512.463.6078 or Tracey.Hall@glo.texas.gov.

16. Respondent certifies that it will comply with the federal Immigration Reform and Control Act of 1986, the Immigration Act of 1990, and the Immigration Act of 1996 regarding employment, employment verification, and retention of verification forms of individuals who will prospectively perform work described in this proposal.
17. Sections 2155.006 and 2261.053 of the Texas Government Code, prohibit state agencies from accepting a Solicitation Response or awarding a contract that includes proposed financial participation by a person who, in the past five years, has been convicted of violating a federal law or assessed a penalty in connection with a contract involving relief for Hurricane Rita, Hurricane Katrina, or any other disaster, as defined by Section 418.004 of the Texas Government Code, occurring after September 24, 2005. Under Sections 2155.006 and 2261.053 of the Texas Government Code, Respondent certifies that the individual or business entity named in this Response is not ineligible to receive the specified contract and acknowledges that such contract may be terminated, and payment withheld if this certification is inaccurate.
18. Respondent represents and warrants that it shall comply with the applicable provisions of and rules and regulations related to the Drug-Free Workplace Act of 1988 (41 U.S.C. §§ 8101-8106).
19. The Respondent represents that payment to the Respondent and the Respondent's receipt of appropriated or other funds under any contract resulting from this Solicitation are not prohibited by Section 556.005 or Section 556.008 of the Texas Government Code.
20. If the Solicitation is for completion of a "project" (as defined by Texas Government Code §2252.201) in which iron or steel products will be used, Respondent agrees any iron or steel product produced through a "manufacturing process" (as defined by Texas Government Code §2252.201) and used in the project shall be produced in the United States.
21. If Texas Government Code Chapter 2270 prohibiting state contracts with companies boycotting Israel applies to Respondent and any contract awarded to Respondent pursuant to this Solicitation, then Respondent verifies it does not boycott Israel and will not boycott Israel during the term of any contract awarded to Respondent pursuant to this Solicitation.
22. If Respondent is submitting a Solicitation Response for the purchase or lease of computer equipment, then Respondent certifies it is in compliance with Subchapter Y, Chapter 361 of the Texas Health and Safety Code related to the Computer Equipment Recycling Program and the Texas Commission on Environmental Quality rules in Title 30 Texas Administrative Code, Chapter 328.
23. Upon the GLO's request, Respondent shall provide copies of its most recent business continuity and disaster recovery plans.
24. ***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.*

Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. - The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at <https://www.comptroller.texas.gov/purchasing/docs/hub-forms/ProgressAssessmentReportForm.xls>).
- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. a. During the performance of this Contract, the Contractor agrees as follows:

- (1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
- (2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- (3) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.
- (4) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (5) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (6) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (7) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this Contract or with any of the said rules, regulations, or orders, this Contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.
- b. Contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. Contractor shall ensure that this paragraph concerning the authority to audit funds received indirectly by subcontractors through the Contract and the requirement to cooperate is included in any subcontract it awards. The GLO may unilaterally amend the Contract to comply with any rules and procedures of the state auditor in the implementation and enforcement of Section 2262.154 of the Texas Government Code.

25. Contractor certifies that neither it nor its principals are debarred, suspended, proposed for debarment, declared ineligible, or otherwise excluded from participation in the Contract by any state or federal agency.
26. Contractor expressly acknowledges that state funds may not be expended in connection with the purchase of an automated information system unless that system meets certain statutory requirements relating to accessibility by persons with visual impairments. Accordingly, Contractor represents and warrants to the GLO that any technology provided to the GLO for purchase pursuant to this Contract is capable, either by virtue of features included within the technology or because it is readily adaptable by use with other technology, of: providing equivalent access for effective use by both visual and non-visual means; presenting information, including prompts used for interactive communications, in formats intended for non-visual use; and being integrated into networks for obtaining, retrieving, and disseminating information used by individuals who are not blind or visually impaired. For purposes of this Section, the phrase “equivalent access” means a substantially similar ability to communicate with or make use of the technology, either directly by features incorporated within the technology or by other reasonable means such as assistive devices or services which would constitute reasonable accommodations under the Americans With Disabilities Act or similar state or federal laws. Examples of methods by which equivalent access may be provided include, but are not limited to, keyboard alternatives to mouse commands and other means of navigating graphical displays, and customizable display appearance.
27. If the Contract is for the purchase or lease of covered television equipment, as defined by Section 361.971(3) of the Texas Health and Safety Code, Contractor certifies its compliance with Subchapter Z, Chapter 361 of the Texas Health and Safety Code, related to the Television Equipment Recycling Program.
28. In accordance with Texas Government Code Chapter 2252, Subchapter F, any iron or steel product Contractor uses in its performance of the Contract that is produced through a manufacturing process, as defined in Section 2252.201(2) of the Texas Government Code, must be produced in the United States.
29. The GLO does not tolerate any type of fraud. GLO policy promotes consistent, legal, and ethical organizational behavior by assigning responsibilities and providing guidelines to enforce controls. Any violations of law, agency policies, or standards of ethical conduct will be investigated, and appropriate actions will be taken. Contractor shall report any possible fraud, waste, or abuse that occurs in connection with the Contract to the GLO’s Fraud Reporting hotline at (877) 888-0002.

30. The requirements of Subchapter J, Chapter 552, Government Code, may apply to this contract and Contractor agrees that the Contract can be terminated if Contractor knowingly or intentionally fails to comply with a requirement of that subchapter.
31. If Contractor, in its performance of the Contract, has access to a state computer system or database, Contractor must complete a cybersecurity training program certified under Texas Government Code Section 2054.519, as selected by the GLO. Contractor must complete the cybersecurity training program during the initial term of the Contract and during any renewal period. Contractor must verify in writing to the GLO its completion of the cybersecurity training program.
32. Under Section 2155.0061, Texas Government Code, Contractor certifies that the entity named in this contract is not ineligible to receive the specified contract and acknowledges that this contract may be terminated and payment withheld if this certification is inaccurate.

REQUIRED INSURANCE

GENERALLY. Provider shall, at its sole expense, acquire, maintain, and keep in force for the duration of this Contract, insurance in the amounts attached herein and under the requirements specified herein. Furthermore, unless specified or otherwise agreed to by the GLO, the required insurance shall be in effect prior to the commencement of work by Provider and shall continue in full force until the earlier as appropriate of (i) the expiration of this Contract; or (ii) such time as the GLO notifies Provider that such insurance is no longer required. Any insurance or self-insurance available to the GLO shall be in excess of, and non-contributing with, any insurance required from Provider. Provider's insurance policies shall apply on a primary basis. If, at any time during the Contract, an insurer or surety fails to provide insurance to Provider or otherwise fails to comply with the requirements of this Contract, Provider shall immediately notify the GLO and replace such insurance or bond with an insurer meeting such requirements. General aggregate limits of Provider's Commercial General Liability policy shall apply per project. Provider's auto insurance policy shall apply to "any auto."

Approval. Prior approval of the insurance policies by the GLO shall be a condition precedent to any payment of consideration under this Contract and insurance must be submitted for review and approval by the GLO prior to the commencement of work. Any failure of the GLO to timely approve or failure to disapprove the insurance furnished by Provider shall not relieve Provider of Provider's full responsibility to provide the insurance required by this Contract.

Continuing Coverage. The GLO's approval of any changes to insurance coverage during the course of performance shall constitute an ongoing condition subsequent to this Contract.

Renewal. Provider shall provide the GLO with renewal or replacement certificates no less than thirty (30) days before the expiration or replacement of the required insurance.

Additional Insured Endorsement. The GLO, its officers, employees, and authorized agents shall be named as additional insureds for all liability arising under this Contract except on Workers' Compensation and Professional Liability policies. **An original additional insured endorsement signed by an authorized insurance company representative must be submitted to the GLO to evidence the endorsement of the GLO as an additional insured on all policies, and the certificate(s) must reference the related GLO Contract Number.**

Subrogation. Each liability insurance policy, except Professional Liability, shall provide for a waiver of subrogation as to the State of Texas, the GLO, and their officers, employees, and authorized agents, and shall be issued by insurance companies authorized to do business in the State of Texas, and currently rated by A.M. Best as "A-" or better.

Policy Cancellation Endorsement. Except for ten (10) days' notice for non-payment of premium, each insurance policy shall be endorsed to specify that without 30 days' prior

written notice to the GLO, the policy shall not be canceled, non-renewed, or coverage and/or limits reduced or materially altered, and shall provide that notices required by this paragraph shall be sent by certified mail to the address specified in this Contract. A copy of this signed endorsement must be attached to this Contract.

Alternative Insurability. Notwithstanding the requirements of this Attachment, the GLO reserves the right to consider reasonable alternative methods of insuring the contract in lieu of the insurance policies and/or bonds required. It will be Provider's responsibility to recommend to the GLO alternative methods of insuring the Contract. Any alternatives proposed by Provider should be accompanied by a detailed explanation regarding Provider's inability to obtain insurance coverage as described in this Contract. The GLO shall be the sole and final judge as to the adequacy of any substitute form of insurance coverage.
